Federal Communications Commission  
Office of the Secretary

Thanks for the message. I will definitely follow-up with Touch America counsel. For your reference, I have looked up our bill to verify the name on the bill. The name on the account is "TNS INTERSEARCH" and our account number is 57286276.

Please let me know if there is another course of action I need to take to insure that our service does not get terminated.

Subject: FW: Touch America, Inc.-DIP Statement of Position

Mr. King,  
I'm an attorney with the FCC, working on Touch America DIP's application to discontinue its ATM/Frame Relay services. We have received comments from your company requesting additional time to transition to an alternate service provider, and Touch America DIP filed a letter with us this afternoon indicating that it could not find TNS Intersearch among its customers. I thought you would like to take a look at this letter, and perhaps contact Touch America DIP's counsel, Charles Helein, at 703-714-1300. Please contact me as well, on Monday if possible.

Thanks,  
Brad
